

Beijing Taxi Dispatch Service: 96103 or 96106

(English speaking option available)

Please call the taxi dispatch service and inform them you have a pet (e.g., dog, cat, rabbit, etc.). They will find a taxi in your area that agrees to go to your location to pick-you up. The taxi will charge you an additional RMB 5.00 for the pick-up service.

Tips for using taxis to transport pets:

- Bring pets in carriers and crates whenever possible. Dogs should always be on leash if not in a crate
- Bring a large towel and cover the back seat first before getting in with your pet. Taxi drivers face a fine (e.g., RMB 500.00) if the back seat cover is soiled or stained.
