

“Rascal” has found a forever home!

Rascal and Renny pose for their first photo together as a family at ICVS.

Renny stocked up at the ICVS retail store and purchased food, toys, crates and everything Rascal needs to feel at home.

A very happy ending for little Rascal who has been adopted by Renny Harlin, a Hollywood film director, living in Beijing! Renny is the director of the new film "Skiptrace" starring Jackie Chan and Fan Bing Bing. Renny found Rascal's adoption notice on the ICVS web site and came over to the hospital to visit him. It was love at first meeting for both Renny and Rascal and we knew they were the perfect match for each other.

Rascal was cared for by ICVS after he was rescued from a dog meat slaughterhouse. Rascal was cared for and nursed back to health at ICVS. We could not be happier for Renny and Rascal!

Many thanks to everyone that helped promote Rascal and our many beautiful pets for adoption. Please support the [ICVS Non-Profit Humane Animal Welfare Programs](#) that allow wonderful pets like Rascal to be treated, rehabilitated and adopted to loving forever homes!
